

Guard Service

Product description

The purpose of the product is to protect life and health of our clients' employees, know how, good reputation, and last but not least their property. The security system is fully adjusted to the client requirements and the nature of the building.

Whom is it intended for

All who own or operate real estate or part of it, and they face the risk of possible damage, loss of property and health hazards.

All who care about the property, its quality, lifespan and the environment they work or live in.

All who are responsible for or want to maintain the property and environment hazard-free so their family, employees, and clients feel safe.

What does the client get

- Physical guarding of buildings and premises
- Detective activities
- Security consulting
- Control and operation groups (response teams)
- Transfer of securities and cash
- Detection of theft in the facilities by employees, clients and suppliers
- Checks on people on sick leave
- VIP security service

Installation, repairs, reviews and operation of electronic and mechanical protection means (electronic security system, fire alarm, CCTV, emergency broadcast system)

- Centralized protection desk

ARRIDERE

Services with a smile
